APPENDIX F-447

PROCUREMENT GROUP TABLE MAINTENANCE LISTING

1. PURPOSE

   This listing is a comparison of the Procurement Group Code (PGC) recorded against NSN in Management Policy Table 011 and the SCF. This listing enables the DSO to determine the compatibility of PGC assignments in Table 011 and the SCF.

2. ORIGIN

   Prepared as a result of running Program USRU10, Stock Number/PGC Cross-Reference Listing. This listing is produced in two parts. Part I is the Stock Number to PGC Cross-Reference Listing and contains all the records in Table 011 in NSN sequence, and part II is the PGC Discrepancy Listing and contains the NSN comparison of the assigned PGCs in Table 011 to the PGC assigned in the SCF.

3. FREQUENCY

   As required on submission of an IOM from the MSO of the DSO to the ODS requesting the running of Program USRU10. Output of this program eminates from the Weekly Report Records.

4. FORMAT

  a. Part I.

    (1) Header Line (Standard Identification).

    (2) Caption of Data Elements.

      (a) STOCK NUMBER - NSN.

      (b) PGC - Procurement Group Code assigned to corresponding NSN recorded in Table 011.

      (c) RECORD INDICATOR - Line number of the corresponding NSN in Table 011.

      (d) MESSAGES - Self-explanatory. Duplicate NSNs may be in the same PGC or in a different PGC.

  b. Part II.

    (1) Header Line (Standard Identification).

    (2) Caption of Data Elements.

(a) STOCK NUMBER - NSN.

(b) PGC - Procurement Group Code assigned to corresponding NSN. The PGC will be from the SCF only when a message PGC DISCREPANCY is cited.

(c) MESSAGE - Self-explanatory.

5. DISTRIBUTION AND RETENTION

   Parts I and II to DSO/MSO to be retained in accordance with local policy.

6. PROCEDURES FOR REVIEW AND PROCESSING

   In reviewing both parts of the listing, action should be initiated to purify the PGC Table 011 and the SCF as necessary, i.e., remove duplicate NSNs from Table 011; establish the PGC for the NSN in the SCF or table 011 as necessary; or correct the PGC in the SCF or Table 011 when a different PGC is assigned to the same NSN in the SCF and Table 011.
